

AS..	I want..	So..
As an admin	I want to create new commands and access code	so that students can join them
As an admin	I want to add items with their description	so that the participants see the list of disciplines and important information about them
As an admin	I want to create tasks for subjects	so that the participants know what needs to be passed
As an admin	I want to add the necessary files and additional materials	so that students have all the resources in one place
As an admin	I want to create lists for handing over works	to organize the submission process
As an admin	I want to create a calendar of tasks with deadlines	so that students have an understanding of the terms
As an admin	I want to add a class schedule for the team	so that all participants know the time and place of the disciplines
As an admin	I want to appoint another member as admin	to share responsibility for team management
As an admin	I want to remove the admin status from the participant	to limit his powers
As an admin	I want to edit the team information	to keep the data up to date
As an admin	I want to delete the command	to completely close its access to participants
As an admin	I want to accept or deny student requests to join a code team	to control the composition of the group
As an admin	I want to edit assignments, turnaround lists, calendar and schedule	to make changes without creating new elements
As an student	I want to join the team by code	to access items, tasks and schedules
As an student	I want to see a list of items with descriptions	to know which disciplines are included in the team
As an student	I want to view tasks and attached materials	to do work

As an student	I want to add myself to the job submission list	to be able to choose a change number
As an student	I want to change my status to "done"	to have me automatically removed from the list
As an student	I want to view the calendar of tasks with deadlines	to perform work on time
As an student	I want to review the class schedule	to know when and what pairs are happening
As an student	I want to leave the team	about no longer being a member of it and not receiving messages and tasks from it
As an student	I want to create my team	to become its administrator and organize work with other participants
